## PROFILE

I'm proactive student in BSc of Information Technology in Software Engineering at Adventist University of Central Africa (AUCA) with strong ambition to excel academically; possess technical, leadership and communication skills with fluency in English. I am Passionate IT specialist with ambition to give back expected skills that I will acquire during my bachelor years to my community, in Information Technology career, or any other related fields. I'm always interested in learning something new that can outstand my career as a professional in Software Development.
